PowerSchool

PowerSchool is the new web-based information tool used across the district to allow students and parents to access grade and attendance information. PowerSchool replaces K12 Planet, which was used for several years for parents of 6th through 12th graders.

- Logon PowerSchool for Parents and Students

Here at Pisgah we are excited that our parents are involved in their child's education and we want to thank you for checking PowerSchool to follow your child's grades and check your child's folder daily and homework every night!

Frequently Asked Questions

parent have to go through the CMCSS volunteer training in order to go on a field trip to meet their child at the field trip location?

Yes! All parents or adults chaperoning or just meeting classes at the field trip MUST go through volunteer training. Please contact Heather Sierawski at pisgahvolunteers@gmail.com for more information.

Do I have to have an official state or government issued ID every time I enter the school? CMCSS policy that EVERY adult entering the building MUST have their ID on them to show to building staff in order to enter the building, dismiss a student, go on a field trip, lunch, come for an awards ceremony, etc. The ID will be scanned into the RAPTOR system. The system will scan the barcode located on the back of the ID.

Do my child have to stay home the next day if sent home by the nurse for a fever of 100.4?

Yes, your student must be fever free without the use of any medications for example 24 hours without Tylenol or Motrin.
